SURGICAL SESSIONS WITHIN THE POSTGRADUATE TEACHING PROGRAMME

November 21-22, 2009

ExCeL London
United Kingdom
EACCME applied

Word of Welcome

Dear colleagues,

The United European Gastroenterology Federation (UEGF) and the World Gastroenterology Organisation (WGO), together with the World Organisation of Digestive Endoscopy (OMED) and the British Society of Gastroenterology (BSG) jointly organise this landmark meeting in the exciting setting of the city of London from November 21–25, 2009.

With great pleasure we invite you to participate in the Surgical Postgraduate Course, which will be held in London on Saturday and Sunday, November 21–22, 2009.

Four European surgical societies (EDS, ISDS, EAES, ESCP) and two British surgical societies (AUGIS and ACPGBI) co-organise this important event.

Renowned speakers from all over Europe will summarise the state-of-the-art in surgical gastroenterology. Both benign and malignant diseases of the Upper and Lower G.I. tract will be extensively covered.

Participants will receive a passe-partout, allowing them also to attend selectively three other courses (hepatology, endoscopy, medical gastroenterology) which are held in parallel with the Surgical Postgraduate Course.

We hope to welcome you in London!

J.J.B. van Lanschot

A. Engel

On behalf of: EDS, ISDS, EAES, ESCP and AUGIS, ACPGBI

Postgraduate Teaching Programme

SATURDAY				
09:00 – 10:30	PLENARY SESSION 1 Management of IBD			
11:00 – 17:00	PARALLEL SESSION 1 Quality endoscopy in 2009	PARALLEL SESSION 2 Fibrogenic diseases of the liver and the pancreas: The science and the management	PARALLEL SESSION 3 GORD: Challenges and opportunities	PARALLEL SESSION 4 Surgery
SUNDAY		PARALLEL SESSION 5 Quality endoscopy in 2009	PARALLEL SESSION 6 Hepatology world update	PARALLEL SESSION 7 IBS: Challenges and opportunities
14:00 – 16:00	PLENARY SESSION 2 New advances in the management of Upper GI Bleeding			

Saturday, November 21, 2009

11:00 – 13:00

PARALLEL SESSION 4/PART 1

New techniques in colorectal surgery

- TEMS versus EMR:
Too much or not enough?
- NOTES: Is anyone taking note?
- Robotics: Only for whiz kids?
- Has laparoscopy delivered?

14:00 – 15:30

PARALLEL SESSION 4/PART 2

New paradigms in diverticular disease

- Natural history of diverticulitis does not support an aggressive surgical treatment
- Radiological investigation and intervention
- Surgery for complicated disease:
Open surgery still the gold standard?
- Laparoscopic lavage for diverticular perforation

16:00 – 17:00

PARALLEL SESSION 4/PART 3

Pancreatic disorders

- New developments in the treatment of severe acute pancreatitis
- Classification and treatment of cystic lesions of the pancreas and IPMT
- Management of endocrine tumours of the pancreas
- Management of complications following resections

Sunday, November 22, 2009

08:30 – 10:30

PARALLEL SESSION 8/PART 1

Oesophageal and gastric disorders

- Open vs minimally invasive radical oesophagectomy: The same operation?
- Optimum treatment of primary achalasia: Surgery or dilatation?
- Presentation, investigation and treatment of giant hiatus hernias: Surgery for all?
- Individualised surgical therapy for gastric cancer: EMR-ESD-D1-D2-D3

11:00 – 13:00

PARALLEL SESSION 8/PART 2

Liver diseases

- Indications and timing of surgery for liver metastases
- Impact of chemotherapy and other non-surgical adjunct tools for the treatment of colorectal liver metastases
- Partial liver resection for primary malignant liver tumours
- Diagnosis and treatment of benign liver lesions
